

Ahmed Farag | S R . F R O N T E N D D E V E L O P E R

Personal Statement

My name is Ahmed Farag, I am a Web Developer, and I'm very passionate and dedicated to my work. I have acquired the skills and knowledge necessary to make your project a success. I enjoy every step of the design process, from discussion and collaboration to concept and execution, but I find the most satisfaction in seeing the finished product do everything for you that it was created to do.

Career

+5 years of experience of using a combination of HTML, CSS and Javascript for build everything a user sees and interacts with on a website that includes everything from front-end features like fonts, sliders, drop-down menus and buttons to the overall manner in which web content like photos, videos and articles are displayed in your web browser.
